## Planting Trees at Millers Creek!

On Saturday, April 23, 2005 a group of neighborhood volunteers from Millers Creek area met a group of student volunteers from the University of Michigan to plant Redbud, Serviceberry, Maples, Oaks, and Dogwoods that will help soak up and reduce water flowing into Millers Creek.

Some volunteers will continue to take care of the trees until they become more fully established. **Amy Knutilla**, her daughter and her daughter's friend joined the group.

For more information about upcoming tree planting projects, or for further assistance planning your own tree planting project in Millers Creek, contact Joan M
